EXPERIENCE

Elektroluks, Bitola, Macedonia

4/2001 – Present

Database Administrator, Graphic Design, Prepress, Web

Manage Oracle database administration assignments. Enhance database performance, perform restores, implement recovery procedures, handle performance tuning and conduct regular system backups. Ensure technical and functional designs meet business requirements.

Key projects:

- Served as DBA or project lead in the completion of managing projects from business requirements analysis to solutions delivery and support.
- Enhanced end users understanding of database systems, delivering group and individual training sessions and creating user-friendly training materials.
- Managing and creating websites
- Prepress designs
- Designing in-game graphics for Adobe Flash games implementation
